

Thank you for contacting CSI Entertainment Insurance.

Below are a few questions we need answered in order to provide you with a weather quote.

We will be in touch with you via phone or email once we have your quote ready.

We look forward to being of service.

Rain insurance is based on a certain amount of rainfall over a certain number of hours. The more hours you insure the higher the rate so it's important to choose the most critical hours that affect the success of the event. The earlier hours are usually more important than the later hours because that is when people will decide whether or not to attend.
